W O W !!!!!

What an entertainer! Dayle never fails to provide wonderful entertainment for our residents at Sunrise of North Lynbrook. Dayle's performances are forever changing but they continue to bring back memories of good times, they continue to bring happiness, they continue to motivate (not only the residents but the staff), and they continue to provide quality entertainment for those afflicted with dementia.

Dayle has a wonderful soothing voice that is comforting to the residents in our Reminiscence Program. It is amazing to see how she incorporates the puppets into her show. Residents and staff enjoy it so much.

Once again we can't thank you enough Dayle for all that you do and we look forward to the next performance.

Sincerely,

A handwritten signature in dark ink that reads "Kerry Zimmerly".
